February 2021

Welcome

Welcome to the Elope or Wed with a Twist family.

♥ Our 'Just the Two of Us' Package does not have any additional Ceremony Styling or Reception Table Styling.

♥ Our 'Back to Basics' Package does not have any additional Ceremony Styling or Reception Table Styling.

♥ Our 'Couples on a Budget' Package does not have any additional Ceremony Styling or Reception Table Styling.

♥ Our 'Keep it Simple' Package includes Ceremony Styling but not Reception Table Styling.

♥ Our 'Ultimate' Package includes Ceremony Styling & Reception Table Styling.

This booklet contains many options for your styling on your wedding day.

We highly recommend using the services of our amazing stylist for your reception tables to really create a wow factor, however if your needs are simple and you choose not to add on styling see images of tables attached.

If you choose not to add styling at your ceremony, there will be greenery on the arch and we place a few silk flowers in the colour of your choice.

We use high quality silk flowers as to use fresh flowers not only costs so much money, but the flowers wilt quickly in the sun. You may find you like the theme of something in this brochure, but would like it in a different colour. Please just let us know so we can customise this for you. However if you would like to incorporate some fresh flowers in with your styling just talk to us about a quote
